## Before applying:

1. I have checked [Futuregames educations](#) and decided which one(s) I wish to apply to.
2. I have checked that my education of interest requires/doesn't require a work sample and prepared a work sample according to the work sample requirements listed on that education's page. If I am applying for more than one education, I made sure to prepare different work samples for each education.
3. I have read the "Apply" section on the [international student page](#) and collected all required documents for my application(s).
4. I made sure that my CV clearly indicates my name, surname, date of birth, address (street, postal code, city, country), phone number with a country code.
5. All my documents are in English/have a certified translation in English. I have not translated any documents by myself.
6. All my documents are saved in a PDF or JPEG format. JPEG pictures are not blurry.
7. **I have read ALL information on the [international student page](#) under the section "Residence permit / Visa" and made sure that I will meet the Swedish Migration Agency's requirements for my residence permit application.**
8. I have read and understood all information on the [international student page](#) under the section "Tuition fees".
9. I have read the information on the [international student page](#) under the section "Accommodation".
10. I have read all of the above and I am now ready to send my application to [international@futuregames.nu](mailto:international@futuregames.nu).

## Once in Sweden:

11. I have visited the Swedish Tax Agency's office ([Skattetverket](#)) and registered in the population register. I am now waiting for my Swedish personal identity number (Personnummer).
12. I have received my personal number. Now, I can open a Swedish bank account, get a Swedish Bank ID, get a Swedish phone number, visit a health center, apply for a gym membership, register for one more student ID card ([Studentkortet](#)), etc.
